Simplify Your Workflow with PCI Astrata

We're Enhancing Your Deltek Costpoint User Experience

Astrata was designed to shine light over our client's financial landscape. Built to save you time, money, and improve ROI. Astrata streamlines the Costpoint experience, freeing you to do what you do best.

PROJECTS
Quickly create projects, bulk upload new projects, sync all project data from Costpoint into our new interface.

INTEGRATIONS
Connect your payroll providers, CRMs and other third party softwares with Costpoint. See your data in real time.

VOUCHERS
Create vouchers, bulk upload vouchers, attach documents, save vouchers in an incomplete state and deploy a workflow to complete/approve and send vouchers to Costpoint for processing.

BANKS
Connect directly to your bank accounts, match deposits (Cash Receipts) and payables daily, reconcile payroll and bank records. Send all required transactions to Costpoint for processing.

VENDORS
Quickly add your vendors and export vendor files.

CUSTOMERS
Simply track, edit, add, and export customer data.

CREDIT CARDS
Connect Costpoint and credit card data seamlessly by eliminating data entry and improving reconciliation.

CONTRACTORS
Allow independent contractors or 1099s to upload expenses and attachments that feed directly into Costpoint.

TRAVEL
Book travel with a direct integration for faster expense report processing and compliant travel booking.

BARCODING
Boost efficiency and accuracy by using the app's barcode scanning feature to complete transactions in real time.
